

East Asia and Pacific Energy Knowledge and Learning Forum on the Sustainable Energy Transition

June 3-5, Bali, Indonesia

Organized by the World Bank

Draft

Day 1 Wednesday, June 3 – High-Level Knowledge Exchange Sessions

Moderator/Master of Ceremony:

- TBD

7:00 – 8:30 **Breakfast**

8:30 – 9:00 **Registration of participants**

9:00 – 9:20

Opening Session

Opening Remarks

- **Ms. Sudeshna Ghosh Banerjee**, Regional Director of Infrastructure, EAP, World Bank
- **Ms. Carolyn Turk**, Division Director for Indonesia/Timor-Leste, World Bank
- **Mr. Yuliot Tanjung**, Deputy Minister, Ministry of Energy and Mineral Resources, Indonesia

9:20 – 10:15

Ministerial Roundtable: A Conversation on Energy Security, Transition, and Regional Cooperation

Panel Moderator:

- **Mr. Ashish Khanna**, Director General, International Solar Alliance

Panelists:

- **Mr. Yuliot Tanjung**, Deputy Minister, Ministry of Energy and Mineral Resources, Indonesia
- **Mr. David Paul**, Minister of Finance, Banking & Postal Services, Republic of the Marshall Islands
- **Minister of Energy**, Federated States of Micronesia
- **Minister of Energy**, Tuvalu
- **Minister of Energy**, Papua New Guinea
- **Minister of Energy**, Fiji

10:15 – 10:30 **Coffee Break**

10:30 – 10:40

Framing the Agenda: Highlighting the Three Focus Business Areas

Introductory Presentation:

- **Ms. Claudia Ines Vasquez Suarez**, Practice Manager, EAP Energy, World Bank

10:40 – 12:10

Session 1: Variable Renewable Energy

Introductory Presentation:

Integration and Grid Stability

- **Mr. Simon Benmarraze**, Head of Energy Planning and Modelling, International Renewable Energy Agency - **Global Perspective on Scaling up Renewables: How East Asia Is Performing Compared to the rest of the World and What Really Works**
- **Mr. Peerapat Vithayasrichareon**, Senior Energy Analyst, International Energy Agency - **Southeast Asia Country readiness to integrate VRE**

Panel Moderator:

- **Ms. Claudia Ines Vasquez Suarez**, Practice Manager, EAP Energy, World Bank

Panelists/Country cases:

- **China Renewable Energy Scale-Up: Evolution and Lessons Learned (Government Official)**. What made China to be the World's Renewable Leader – By Senior Official from China Development and Reform Commission.
- **Offshore Renewable Energy Auctions in the Philippines** – by Philippines Government Official (DOE)
- **Lessons learnt from Indonesia ISLE program (Solarization of diesel power plants in islands and utility scale solar PV+BESS and Wind)** - by E. Haryadi, Director of Technology, Engineering, and Sustainability, PLN
- **Mobilizing Private Capital for RE scale up: The journey of Monsoon Wind Project in Lao PDR - Viet Nam**, by M. Nat Hutunuwat, CEO of Monsoon

12:10 – 12:30 **Group Photo & Ice Breaker**

12:30 – 13:30 **Lunch**

13:30 – 15:00 **Introductory Presentation:**

Session 2: ASEAN Power Grid and Market Integration

- **Mr. Dato Razid Dawood**, ASEAN Power Grid vision, Roadmap and Expectations from the recently adopted Enhanced APG MoU to transform the vision into actions
- **Dr. Santisouk Phimpachanh**, Director General of the Department of Policy, Planning and Evaluation, Ministry of Industry and Commerce, Lao PDR

Panel Moderator:

- **Mr. Yussuf Uwamahoro**, Lead Energy Specialist, EAP Energy, World Bank

Panelists:

- **Financing ASEAN Cross-border grid interconnections**, by the International Energy Agency (IEA)
- **Accelerating ASEAN Power Grid Investments: The Transformative Role of APGF** – WB/ADB
- **The Global Power Pool Playbook: Experiences That Shaped Regional Energy Markets** by Hans-Arild Bredesen

15:00 – 15:15 **Coffee Break**

15:15 – 16:45

Session 3:
Industrial
Decarbonization:
global technology
trends and best
practices
(interactive
session)

Introductory Presentation: What is Industrial Decarbonization, Global technology and policy trends and EAP context by Mr. Jeff Rissman, Senior Director for Industry, Energy Innovation

Moderator:

- Yuge Ma, Senior Energy Specialist, EAP Energy, World Bank

Sharing of country level industrial decarbonization program

- **Indonesia**, Ms. Emmy Suryandari, Director General of Financial Sector Stability and Development, Ministry of Industry, Indonesia
- **Vietnam**, Ms. Nguyễn Thị Lâm Giang, Director General, Agency for Innovation, Green Transition and Industry Promotion (IGIP), Ministry of Industry and Trade (MOIT)
- **China**, a Government official

Breakout discussion: Energy sector and industrial sector participants mixing

- Opening talk with quiz questions: **Energy-industry synergy to enable industrial decarbonization**, Nan Zhou, Senior Scientist, UC Berkeley
- Group discussion mixing clients and experts

Report back and feedback by HXB

Leading question: How does energy sector and industrial sector work together to enable this transformation?

Table report back and conclusion

17:30 -18:30

Welcome Reception featuring a Traditional Balinese Cultural Performance

Day 2 Thursday, June 4 – Technical Knowledge-Sharing Interactive Sessions

Moderator/Master of Ceremony:

- TBD

8:30 – 9:00

Welcome Coffee

9:00 – 10:30

Session A1: Utility
Digitalization and
Grid Reinforcement
for Enhanced VRE
uptake (VRE Ready
Utility of the future)

Panel Moderator: Jose Andres Detomasi, Senior Energy Specialist, World Bank

- **Setting the Benchmark for Grid Digitalization in Asia case of KEPCO: What does a world-class digital utility look like?** KEPCO of Korea is widely regarded among Asia's most advanced utilities. This session explores what got it there

and what others can learn from KEPCO. By Youngsung Park, General Manager of Global Business Department.

- **Transmission System Digitalization for high uptake of Renewable Energy Integration - Viet Nam's NSMO** is a good example in digitalization for enhanced grid flexibility and VRE uptake
- **Digitalization for distribution Utility Turnaround, Loss Reduction and RE scale up: Case of Tata Power Delhi** by Mr. Tarun Batra, Head of Digital & Information Technology (D&IT) at Tata Power Delhi Distribution Limited (Tata Power-DDL).
- **PLN Indonesia: Building a Smart, Solar- Ready Grid: With 100GW of household solar on the horizon, PLN Indonesia has developed one of the region's most ambitious smart grid roadmaps.** This session presents their ADMS and DER strategy — a realistic, phased approach that other utilities can learn from. By Arsyadany Ghana Akmalaputri, Director of Distribution, PLN

Session B1: ASEAN Power Grid and Market Integration

Panel Moderator: Shani Nadhila, Manager, PIN, ACE

- **APG Subsea Cable Project Development and Financing - Unlocking ASEAN Regional Power Trade through Subsea Interconnections** – by Andrea Meola, Global Markets & Business Development Director, CESI
- **Case Studies: Operational experience from Korea Power Exchange (KPX),** by Byoungyoon SHIN, Senior Manager, System Operation Division, KPX

10:30 – 10:45

Coffee Break

10:45 – 12:30

Session A2: Innovative financing solutions from MDB and climate financing

Panel Moderator: Zayra Romo

- **Financial Innovation for Development** – major innovative treasury instruments to support energy transition and industrial decarbonization in EAP, World Bank Treasury Team
- **Innovative financing platforms for low carbon investments by IFC and MIGA**
- **Climate finance opportunities CIF, GEF**
- **Case study of PLN's innovative financing solutions,** by Bu Maya Rani Puspita, PLN Head of Finance Division

Session B2: Financing mechanism for low-carbon investment

Panel Moderator:

- Xiaodong Wang, EAP World Bank

Lead Presentation:

**and industrial
decarbonization**

- **Financial Intermediaries' Role to enable nationwide industrial park decarbonization and innovative low-carbon technologies**, Mr Hao Chang, Deputy Director General, Department of Corporate Finance, Huaxia Bank, Ms Ling Peng, Co-Director, Green Finance Center, Huaxia Bank

Clients introduce their potential projects, react to the China experience, Q&A

- **Indonesia Industrial Competitiveness and Decarbonization Fund (ICDF), Bank Mandiri/ Mol**
- **Vietnam National Energy Efficiency Fund (VNEEF)**, Mr Dung, Deputy Director General, Agency for Innovation, Green Transition and Industry Promotion (IGIP), Ministry of Industry and Trade (MOIT), Vietnam
- **Philippines Energy and Industrial Transformation Fund (EITF)**, Mr Micheal O de Jesus, CEO/ Deputy Development Bank of the Philippines

Breakout discussion on scalable financing models:

- Opening talk with quiz questions: **ESCO and Platform financing model**: Bo Shen, Senior Scientist, University of California, Berkeley
- Group discussion mixing clients and experts
- Report back and feedback by HXB

12:30 – 13:30

Lunch

13:30 – 15:00

**Session 4: Last Mile
grid and off-Grid
Electrification for
Pacific Islands**

Panel Moderator: Mariano Salto

Lead Presentation: Reaching the Unserved: Strategies for Last-Mile Electrification using Cost-Effective Technology Solutions – World Bank case studies specifically from Small Island Developing States (SIDS), by Zubair Sadeque, Global Energy Policy and Regulations Unit

Panelists:

- Sharing electrification project status in RMI and lessons learnt – Government official
- Successful electrification case of Indonesian Outer Islands: by Arsyadany Ghana Akmalaputri, Director of Distribution, PLN
- The case of Philippines's Island electrification
- The case of Fiji electrification experience (or FSM Electrification project)

15:00 – 15:15

Coffee Break

15:15 – 16:30

Session 4: Launch of the Communities of Practices (CoP)

Introductory Keynote:

- Veronique Kabongo, Head, Knowledge Engagement & Learning Global Unit, World Bank
- Identify priority themes: ASEAN Power Grid, Renewable Energy and Industrial Decarbonization
- Identify champions to support the CoP

Introduction

CoP Start-Up Survey

CoP Group Photo

DAY 3 Friday, Jun 5 – The "Majesty of the Bukit" Cultural Tour

Time	Activity	Description
07:30	Departure	Depart from Sofitel Nusa Dua. (An early start is crucial to beat the heat and Uluwatu crowds.)
08:00 – 09:15	Uluwatu Temple	Explore the clifftop temple. This is the best time for photography as the morning light hits the Indian Ocean cliffs. Participants can observe the architecture and the resident macaques. (https://uluwatutemple.id/)
09:15 – 09:45	Transit	Drive from Uluwatu to GWK Cultural Park (approx. 20–30 mins).
09:45 – 11:15	GWK Cultural Park	Focused tour of the Garuda Wisnu Kencana statue (the world's 4th tallest). We recommend a "VIP Buggy Tour" to move quickly between the Plaza Wisnu, the Lotus Pond, and the statue base. (https://www.gwkbali.com/)
11:15 – 11:45	Cultural Minute	Watch a short, 15-minute traditional Balinese dance snippet at the GWK Amphitheater or visit the internal gallery.
11:45 – 12:00	Return	Direct transit back to Sofitel Nusa Dua in time for lunch.
